CLAIMED AMUNDSEN FLEW TO NORTH POLE

NOW ON HIS WAY HOME, REPORT IS NOT CONFIRMED

AMUNDSEN IN ONE PLANE AND AMERICAN COLLEAGUE IN ANOTHER

HOPPED OFF LATE YESTERDAY FOR THE COVETED GOAL

(By United Press) London, May 22.—The Central News carries a dispatch from Oslo, Norway, this afternoon stating that an unconfirmed report from King's Bay says Captain Amundsen has reached the North Pole and is now enroute back to his base.

The dispatch added that the King's Bay correspondent of the Central News has not yet been able to confirm the report.

HOPE TO FIND AERODROME LANDING AT THE POLE

Oslo, Norway, May 22.—Lieut. L. Dietrichsen, pilot of the second plane in the Amundsen North Pole expedition carries authorization to take possession "in the name of the King of Norway" of any territory discovered during the trip.

Captain Amundsen's main object in his North Polar expedition is to find a land suitable for an aerodrome which would later be used on the dreamed-of air route across the roof of the world. Such a station would make possible the institution of a 50-hour air line between London and Japan or London and San Francisco.

PIG-STICKING EARL FEARED VICTIM OF CONFIDENCE GANG

St. Paul, May 22.—Larry O'Keefe, the Austin pig-sticking earl, may be the victim of a gang of confidence men who have kidnaped him.

Someone has impersonated O'Keefe in Minneapolis and in Chicago, his wife believes.

O'Keefe left Austin May 5, to visit his son who was in a Rochester hospital. At 5 p. m. his wife talked to him by long distance telephone.

The next morning she received a night letter telegram signed "Larry O'Keefe." The telegram had been sent from Chicago shortly before midnight.

Mrs. O'Keefe declares it is a forgery, because it would have been impossible for her husband to get from Rochester to Chicago in seven hours.

2 SUSPECTS TAKEN IN BANK ROBBERY

(By United Press) St. Paul, May 22.—Two men were being held in Central Police station in connection with the bank holdup at Hugo last Tuesday, police today announced. Chief of Police E. J. Murnane refused to give out the names of the men held. They were arrested here today.

Hugo bank employees have been requested to come here to establish definitely if they are the men wanted.

MORE TROUBLE FOR WM. STUDE

(By United Press) Minneapolis, May 22.—A warrant charging illegal transportation and possession of liquor has been issued against William Stude, Waseca by S. B. Qvale, state prohibition director. Stude is wanted in connection with the investigation of the bribery charges against O. T. Sunde, federal prohibition agent.

CHARGED WITH EMBEZZLING STATE FUNDS

(By United Press) Pierre, S. D., May 22.—A. W. Ewert, former treasurer of the South Dakota Rural Credits Board was yesterday bound over to await grand jury action on charges of embezzling \$180,000 of state funds. He was admitted to \$20,000 bonds after waiving examination on the charges.

Minneapolis Friendship Tour Here Tomorrow

3 CHILDREN HURT IN SERIES MISHAPS IN MINNEAPOLIS

Minneapolis, May 22.—Three children were injured, one perhaps fatally, in a series of accidents late yesterday. Katherine Dahl, 3 years old sustained a fractured skull when she was struck by an automobile while crossing the street with her mother, Mrs. T. G. Dahl.

FRAZIER RESTS ON COT, TOO WEAK FOR COURT

STRAIN OF TRIAL HAS UROVED TOO MUCH FOR PAIN—RACKED BODY

SOME WITNESSES IDENTIFY HIM, OTHERS GIVE ADVERSE TESTIMONY

(By United Press) Minneapolis, May 22.—Resting wearily on a cot in the General hospital here, Arthur Lopez-Frazier was too tired and weak to attend this morning's session of his suit against the United States government for compensation and removal of his name from the world war death list, in Federal Court.

The strain of the trial which has been in progress for more than a week has proved too great for his tuberculosis racked body, and it is doubtful if he will be able to attend any more sessions of court.

Government attorneys today continued to introduce witnesses to refute testimony by witnesses for Frazier earlier in the trial. A great many of Frazier's witnesses were former army comrades and boyhood friends who identified him as the man he claims to be.

During this morning's session, witnesses were introduced who said they had known Frazier at Plandean, S. D., Camp Cody, Camp Merritt, Hoboken, Liverpool, and during actual fighting in France.

LIGHT RAINS QUENCH FLAMES

WISCONSIN FOREST FIRE FIGHTERS WELCOME TEMPORARY RELIEF

(By United Press) Laona, Wis., May 22.—Assisted by light rains, guardsmen and volunteer fighters working throughout the night and today had checked the forest fires which during the most of the week had assumed dangerous proportions.

While the situation has been greatly improved, those in charge of the fire fighters declared today the blazes would flare up anew in the event of a high wind. The fires today had been driven back to the cutover lands.

POLICE DRAG RIVER FOR BODIES OF BOYS

(By United Press) Milwaukee, May 22.—Sheriff's deputies today were dragging the Milwaukee river at White Fish bay with grappling hooks in an effort to locate the bodies of Valentine and John Husak, 8 and 6 years old who disappeared while at play on the bank. Practically all day yesterday they dragged the river, but failed to locate any bodies. They are virtually certain the boys tumbled down the 40-foot embankment and drowned in the stream.

Quarantine Districts Authorized in Milwaukee

Milwaukee, May 22.—Establishment of quarantine districts by declaring Milwaukee to be a smallpox infested area, was authorized by the Wisconsin State Board of Health at a special meeting at the office of the city health department here today.

HEAT WAVE AND STORMS IN MANY PLACES

MIDDLE WEST AND THE ENTIRE SOUTH SWELTERING IN THE HEAT

KANSAS CITY FIRST TO REPORT HEAT PROSTRATIONS

(By United Press) Chicago, May 22.—A heat wave of unusual intensity for this season of the year gripped the middle west and entire south, Professor Henry Cox, chief of the weather bureau here, reported today.

Heat prostrations were reported from several points, Kansas City being the first. The temperature there reached 90 degrees. At Dodge City, Kansas, citizens sweltered in 100 degrees of heat. At Omaha and Oklahoma City and Wichita, Kansas, the temperature was 98.

Chicago's temperature was 84, just two degrees below the hottest May 22nd in the weather bureau's records. At Huron, S. D., it reached 94 degrees and at Grand Haven, Kansas, it was 96. Thunder showers may give temporary relief from the heat, Cox said.

DRENCHING RAIN AND HAIL AT DULUTH

Duluth, May 22.—A drenching rain accompanied by some hail early this morning fell in this vicinity.

The storm was general throughout the northern end of the state, according to the weather bureau and it is believed that it has extinguished the many forest fires which have been raging in St. Louis, Lake and Cook counties.

WIND STORM IN SOUTHERN ILLINOIS

St. Louis, May 22.—Southern Illinois was visited by another wind storm overnight, according to meager reports reaching here today. All transportation systems in the district are paralyzed and only meager telegraph service can be obtained.

The center of the storm, according to first reports, was in the vicinity of Marion, Harrisburg and McLeanboro. At Harrisburg, the reports say, several houses were destroyed. The wind was accompanied by a terrific electric storm and one man was reported killed at McLeanboro.

HIGH WINDS IN SECTIONS OF ILLINOIS

Mount Carmel, Ill., May 22.—A high wind which at times reached cyclonic velocity struck the vicinity of Harrisburg and Marion overnight, doing considerable damage. No loss of life was reported.

First information here was that several houses had been destroyed, trees uprooted and telephone and telegraph wires torn down. There was also an electrical storm which preceded the wind. No estimate of the amount of damage was available.

2 LIVES LOST IN SOUTHERN ILLINOIS

St. Louis, May 22.—The storm which swept southern Illinois last night has taken two lives and caused property damage of between \$50,000 and \$100,000 in this district, a check showed today. The dead are Mr. and Mrs. A. M. Kristerson. Their home at Centralia, Ill., was struck by lightning late Thursday. Their two children were badly burned.

DULUTH'S NEW ZONING ORDINANCE

(By United Press) Duluth, May 22.—Duluth's new zoning ordinance which has been in the making for the past two years will be formally introduced in the city council Monday. This ordinance, proponents say, will mark the most important civic step taken since the adoption of the home rule charter in 1912.

S. D. SEED CORN SPECIALIST IS CALLED TO RUSSIA

Egan, S. D., May 22.—Henry Scharnhorst, seed corn specialist, has accepted a position as government seed corn raiser in Russia. He will leave for Russia next month, according to the announcement yesterday.

MARYLAND STATE POLICE IN WIDE SEARCH

ENLISTED TO FIND MISSING GIRL, MISS AIDA HAYWARD

DISAPPEARED WHEN UNKNOWN MAN SHOT HER AUNT AND FIRED HOUSE

(By United Press) Winthrop, Md., May 22.—Every state police facility today was placed at the disposal of searchers hunting for Miss Aida Hayward, missing since early Wednesday when an unknown man shot down her aunt, Mrs. Emma Townes and set fire to the Townes' cottage.

Several hundred men are engaged in the search this far without finding a trace of the missing woman, Miss Hayward is believed to have been kidnaped.

Although physicians attending Mrs. Townes despaired of saving her life, it was said the wounded woman had spent a "fairly comfortable night." She suffered from a severe throat and neck wound and a long wound in her right arm.

FRENCH IN A SHARP REPULSE OF THE RIFLIANS

NATIVES OF INTERIOR BRING NEWS OF SANGUINARY ENGAGEMENT

AIRPLANES REPORTED AS SUCCESSFULLY BOMBARDING AFSSO

(By United Press) Melilla, Morocco, May 22.—Natives of the interior today brought reports that the French had sharply repulsed the rebels, forcing them to retire. Another action involved strong artillery against the Riflians was reported in progress at Ymesien.

Airplanes were reported to have successfully bombed Afso. One machine was damaged during the engagement.

FRENCH GOVERNMENT STIFFENS OFFENSIVE

Paris, May 22.—The French government is bent on pushing even more vigorously than heretofore the Riflians campaign. This was made clear today when the cabinet decided to ask the chamber of deputies on Monday to appropriate additional funds for the Morocco operation.

FALLS 3 STORIES DOWN SHAFT OF AN ELEVATOR

(By United Press) Milwaukee, May 22.—Ruth Carroll, 21, student nurse at the Milwaukee hospital was killed here late yesterday afternoon when she fell from the third floor landing in the hospital building to the bottom of the elevator shaft. According to Miss Gladys Deering who was a passenger on the elevator, Miss Carroll had attempted to open the door at the third floor and leave while the elevator was still in motion. She failed to locate the door catch however; poised on the foot wide landing for a moment and then lost her balance and fell to the bottom.

CHARGED WITH ATTEMPT TO BRIBE JUROR

NEW PHASE IN WILLIAM SHEPHERD MILLION DOLLAR GERM TRIAL

JAMES CALLAN, ACCUSED MAN, DENIES BRIBERY CHARGE

(By United Press) Chicago, May 22.—James Callan, charged with attempting to bribe a juror in the William Shepherd one million dollar germ murder trial, announced today he is ready to surrender, but stoutly protested his innocence.

Through his attorneys, Callan notified State's Attorney Robert E. Crowe he would appear at headquarters today for questioning. He is in for a hot time, Crowe said angrily, declaring he would make an example of this case to prevent further attempts to tamper with jurors in Chicago courts. Phillip Barry, called for jury service in the Shepherd case, told Crowe Callan approached him with a suggestion that he should force his way into the jury and he would be rewarded.

Overshadowed by these developments, the monotonous work of selecting a jury continued with little success. The first panel of four may be chosen before night, however.

Prominent Clubman Asks Divorce; Says Wife Cruel to Him

St. Paul, May 22.—Suit for divorce was filed late Wednesday by Walter Stewart Grubbs against Mary Kelton Grubbs.

Mr. Grubbs charges cruelty and alleges his wife has treated him with contempt and has called him names. They were married in Wilmington, Del., Sept. 8, 1908.

In January, 1924, Mrs. Grubbs filed suit for divorce against her husband, alleging cruelty, but the action was dismissed in district court when it was shown Mr. and Mrs. Grubbs had lived in St. Paul only four months, having returned from Highland Park, Ill., where they had lived some time.

Mr. Grubbs is well known in St. Paul as a clubman and investment broker.

No answer was filed by Mrs. Grubbs within the allotted time, and in all probability the case will be noncontested.

GAS HEATER BRINGS DEATH

1 KILLED, 2 NEAR DEATH IN EXPLOSION AT APARTMENT HOUSE

(By United Press) Cleveland, May 22.—One man is dead and two others were near death and the lives of many others endangered yesterday as the result of the explosion of a gas heater in an apartment house here. The entire business district was rocked by the explosion which was followed by fire. Five fire companies put the fire under control in a half hour fight. This was the second gas explosion here today. An explosion in a rooming house injured eight men, one of them probably fatally.

THREE BOYS KILLED BY FREIGHT TRAIN

(By United Press) Sullivan, Ind., May 22.—The mangled remains of three boys, all residents of Dugger, Ind., were found strewn for 500 feet along the Illinois Central railroad track eight miles east of here today. Evidence indicated they had been killed by a north bound freight train Thursday night.

ROOSEVELTS TO BRAVE DANGERS OF ZOGI PASS

Sringar, Kashmir, May 22.—Col. Theodore Roosevelt, his brother Kermit and George Cherie, veteran adventurer, today began the dangerous passage through the snow filled Zogi pass. They are on their way to the deserts of Turkestan and the mountain ranges to the north where they will hunt rare game.

CANADIAN BEER TO BE TESTED FOR ITS KICK

75,000 PEOPLE, TWO-THIRDS AMERICANS, VISIT WINDSOR

500,000 BOTTLES OF BEER SOLD TO THE ARMY OF THIRSTY

(By United Press) Windsor, Ont., May 22.—Approximately 75,000 persons, two-thirds of them Americans, have already paid between \$150,000 and \$200,000 here to test the kick of the 4.4 per cent beer that went on sale yesterday.

These figures were based on reports of restaurant and hotel proprietors who sold nearly a half million bottles of new beer to thirsty pilgrims who came from near and far by train, airplanes, automobiles, bicycles and afoot to test it.

Despite the vast crowd that was entertained, not one arrest was reported.

NEW DULUTH HOTEL OPENING TONIGHT

RESERVATIONS FOR 500 PERSONS HAVE BEEN MADE FOR THE FORMAL OPENING

(By United Press) Duluth, May 22.—Reservations for 500 persons have been made for the formal opening of the new Duluth hotel here tonight, it was announced today. A special train is due here from Milwaukee with 100 guests of the Schroeder interests of Milwaukee, owners of the new hotel.

COAL STRIKE ATTAINS BITTER STAGE TODAY

Fairmont, W. Va., May 22.—A series of bitter demonstrations whipped up a fury in the coal strike today as 134 union miners went on trial here charged with attempting to interfere with operation of non-union mines.

Upon the decision of the court virtually rests the outcome of the war to which both sides now see an end only in extinguishment of the United Mine Workers organization or the West Virginia operators.

IS HANGED FOR MURDERING HIS SISTER-IN-LAW

Salem, Wash., May 22.—Carried to the gallows, Arthur Covell, crippled astrologer of Coquelle was hanged here today at the Washington penitentiary for murdering his sister-in-law. His hanging was the second in a double execution today following shortly after the execution of L. W. Pere, another murderer.

SELF-CONFESSED SLAYER SENTENCED

Virginia, Minn., May 22.—Victor Jalonen, 31, self-confessed slayer of Gust Lindholm near Orr, Minn. 8 years ago was yesterday sentenced to serve an indeterminate term in Stillwater prison. The body of Lindholm was never found.

BAND, SONGSTERS, SPEAKERS IN THE TOURING PARTY

BAGGAGE CARLOAD OF SOUVENIRS FOR THE CHILDREN

BRAINERD ARRANGES GLOWING RECEPTION FOR THE VISITORS

Tomorrow, Saturday, May 23, will be the big day in Brainerd, for at 10:30 A. M. the Northern Pacific special train bearing the "Minneapolis Friendship" business men's trade tourists will arrive with their band, two quartets and corps of rapid-fire speakers and handshakers.

And, oh, you kiddies! The merchants carry a baggage carload of souvenirs for the children. There will be children galore from town and countryside to meet that special. Minneapolis businessmen will speedily become convinced that the chief crop of Brainerd and Crow Wing county is sturdy, lithe, clean-limbed children.

The grade school track meet with some 500 children in attendance, all fighting for the supremacy of their respective schools, grade and parochial, open their meet at Gregory park at 9 a. m. tomorrow. When the special whistles for Brainerd, these children will be marshalled by Alfred Dillan, and their respective school banners and will march to the depot and there join in the general parade.

In addition to this regular group of hopefuls, there will be all the other kids of Brainerd, for if anything appeals to a child, it's getting a souvenir or present.

Early this morning Henry Hoffman of the Northwestern Telephone Exchange, acting on the suggestion of the Chamber of Commerce committee headed by C. N. Erickson, sent out a general call on all the rural lines for the farmers to come to town with their children and see the parade, take part in it if they wished, hear the speaking, band music and quartet singing and have their children get their share of souvenirs.

Some Novelties

Brainerd's band will be out to take part in the parade, business men will march, the Chamber of Commerce will have an automobile all decorated and bearing literature advertising our Brainerd Lake Region and the Tourist Park opening; the Izaak Walton League may be represented in another car; the Boy Scouts will be out in a car; Breezy Point Lodge will send a beautifully decorated car calling attention to the opening of their season May 30th.

Fish for Dinner

Public spirited citizens have assisted to gather an offering of pike for the visitors and the fish will be prepared in regular "steaked" fashion ready for their chefs when they arrive in Brainerd at 10:30 tomorrow morning. Notice to this effect will be wired the "Friendship Tourists" at their stop in North Dakota tonight.

Committee Functioning

The committee in charge at Brainerd, headed by C. N. Erickson, has worked valiantly. A short program of snappy talks has been prepared to counter the addresses made by the Minneapolis men.

The replies for the limerick contest are flowing into the Chamber of Commerce in a steady stream. Winners will be announced at the speakers' stand tomorrow.

Merchants are asked to use sidewalk flags and other decorations tomorrow. They are asked to be at the depot at 10:30 sharp to join in the four block parade.

Again we say to everybody in Brainerd and the county, don't miss this big visit of the Minneapolis men. Join in the spirit of the day. The train will arrive at 10:30 and leave two hours later.

The Brainerd reception will receive extended publicity in all Minneapolis papers.

75,000 PEOPLE, TWO-THIRDS AMERICANS, VISIT WINDSOR

500,000 BOTTLES OF BEER SOLD TO THE ARMY OF THIRSTY

(By United Press) Windsor, Ont., May 22.—Approximately 75,000 persons, two-thirds of them Americans, have already paid between \$150,000 and \$200,000 here to test the kick of the 4.4 per cent beer that went on sale yesterday.

These figures were based on reports of restaurant and hotel proprietors who sold nearly a half million bottles of new beer to thirsty pilgrims who came from near and far by train, airplanes, automobiles, bicycles and afoot to test it.

Despite the vast crowd that was entertained, not one arrest was reported.

NEW DULUTH HOTEL OPENING TONIGHT

RESERVATIONS FOR 500 PERSONS HAVE BEEN MADE FOR THE FORMAL OPENING

(By United Press) Duluth, May 22.—Reservations for 500 persons have been made for the formal opening of the new Duluth hotel here tonight, it was announced today. A special train is due here from Milwaukee with 100 guests of the Schroeder interests of Milwaukee, owners of the new hotel.

COAL STRIKE ATTAINS BITTER STAGE TODAY

Fairmont, W. Va., May 22.—A series of bitter demonstrations whipped up a fury in the coal strike today as 134 union miners went on trial here charged with attempting to interfere with operation of non-union mines.

Upon the decision of the court virtually rests the outcome of the war to which both sides now see an end only in extinguishment of the United Mine Workers organization or the West Virginia operators.

IS HANGED FOR MURDERING HIS SISTER-IN-LAW

Salem, Wash., May 22.—Carried to the gallows, Arthur Covell, crippled astrologer of Coquelle was hanged here today at the Washington penitentiary for murdering his sister-in-law. His hanging was the second in a double execution today following shortly after the execution of L. W. Pere, another murderer.

SELF-CONFESSED SLAYER SENTENCED

Virginia, Minn., May 22.—Victor Jalonen, 31, self-confessed slayer of Gust Lindholm near Orr, Minn., 8 years ago was yesterday sentenced to serve an indeterminate term in Stillwater prison. The body of Lindholm was never found.

BAND, SONGSTERS, SPEAKERS IN THE TOURING PARTY

BAGGAGE CARLOAD OF SOUVENIRS FOR THE CHILDREN

BRAINERD ARRANGES GLOWING RECEPTION FOR THE VISITORS

Tomorrow, Saturday, May 23, will be the big day in Brainerd, for at 10:30 A. M. the Northern Pacific special train bearing the "Minneapolis Friendship" business men's trade tourists will arrive with their band, two quartets and corps of rapid-fire speakers and handshakers.

And, oh, you kiddies! The merchants carry a baggage carload of souvenirs for the children. There will be children galore from town and countryside to meet that special Minneapolis businessmen will speedily become convinced that the chief crop of Brainerd and Crow Wing county is sturdy, lithe, clean-limbed children.

The grade school track meet with some 500 children in attendance, all fighting for the supremacy of their respective schools, grade and parochial, open their meet at Gregory park at 9 a. m. tomorrow. When the special whistles for Brainerd, these children will be marshalled by Alfred Dillan, and their respective school banners will march to the depot and there join in the general parade.

In addition to this regular group of hopefuls, there will be all the other kids of Brainerd, for if anything appeals to a child, it's getting a souvenir or present.

Early this morning Henry Hoffman of the Northwestern Telephone Exchange, acting on the suggestion of the Chamber of Commerce committee headed by C. N. Erickson, sent out a general call on all the rural lines for the farmers to come to town with their children and see the parade, take part in it if they wished, hear the speaking, band music and quartet singing and have their children get their share of souvenirs.

Some Novelties Brainerd's band will be out to take part in the parade, business men will march, the Chamber of Commerce will have an automobile all decorated and bearing literature advertising our Brainerd Lake Region and the Tourist Park opening; the Izaak Walton League may be represented in another car; the Boy Scouts will be out in a car; Breezy Point Lodge will send a beautifully decorated car calling attention to the opening of their season May 30th.

Fish for Dinner Public spirited citizens have assisted to gather an offering of pike for the visitors and the fish will be prepared in regular "steaked" fashion ready for their chefs when they arrive in Brainerd at 10:30 tomorrow morning. Notice to this effect will be wired the "Friendship Tourists" at their stop in North Dakota tonight.

Committee Functioning The committee in charge at Brainerd, headed by C. N. Erickson, has worked valiantly. A short program of snappy talks has been prepared to counter the addresses made by the Minneapolis men.

The replies for the Himerick contest are flowing into the Chamber of Commerce in a steady stream. Winners will be announced at the speakers' stand tomorrow.

Merchants are asked to use sidewalk flags and other decorations tomorrow. They are asked to be at the depot at 10:30 sharp to join in the four block parade.

Again we say to everybody in Brainerd and the county, don't miss this big visit of the Minneapolis men. Join in the spirit of the day. The train will arrive at 10:30 and leave two hours later.

The Brainerd reception will receive extended publicity in all Minneapolis papers.

STATE HIGHWAY AID OF 1925 IS DIVIDED

MINNESOTA ALLOTS \$4 OF \$7 COUNTIES AMOUNTS IN EXCESS OF THOSE FROM 1 MILL TAX

Crow Wing county taxpayers this year will pay \$13,502 under the one mill state road aid tax levy, and the county will receive in return \$19,710 to use on its state aid roads under the apportionment made this week. The board making the allotments includes State Auditor R. P. Chase, Treasurer Henry Rines and Highway Commissioner C. M. Babcock.

Sixty-seven out of the 87 counties in Minnesota receive apportionments considerably in excess of their respective tax payments under the state road aid levy and all but three—Hennepin, Ramsey and St. Louis counties—are paid back at least as much as they pay in taxes. The state road aid plan compels the counties of higher assessed valuations to contribute toward the improvement of local roads in counties with less taxable wealth, just as the Babcock good roads plan, financed with motor vehicle taxes, favors the rural sections of the state over the large cities.

Hennepin, Ramsey and St. Louis county collections from the one mill tax will be nearly \$720,000 more than their combined road aid apportionments, that sum mainly making possible the gains to other counties. Hennepin county will actually be paid only \$19,000 of aid, having transferred from its \$50,000 total \$29,000 to Rice, \$7,500 to Pine and \$3,500 to Scott counties.

The state aid apportioned this week totals \$1,971,000 and includes Babcock cream testing fees and some other small miscellaneous receipts. It will swell to nearly \$18,000,000 the aggregate raised for local road purposes this year. The \$18,000,000 for county and town roads is comparable to about \$10,500,000 which will be provided for maintenance and improvement of the 7,000-mile system of trunk highways which carries four times as much traffic as the local roads.

SHORTAGE OF DRAFT HORSES

(By United Press)

St. Paul, May 22.—Owing to the shortages of draft horses and to the increasing interest of farmers in breeding, the Minnesota Stallion Registration board has placed an inspector in the field for protection. Reports received at the state office here are to the effect that many stallions which were formerly licensed, but which are not licensed at the present time, are being used. It is reported that more than 43 per cent of the stallions licensed last year were more than ten years old.

Farmers are being urged to breed their good mares to good draft stallions at once if they take advantage of the probable increased demand.

SPRING FISHING

As ordinarily used, the term "fish" includes, besides the fish proper, many other aquatic animals such as lobsters, scallops, turtles, etc., but in trout season the term "fish"—to the fisherman at least—means trout and nothing else.

If your husband is an enthusiast over this sport, you realize that he rarely praises the way the trout is cooked. To him the fish is good because it is freshly caught and he looks upon it as his own particular achievement. Nevertheless, the method of cooking may make or spoil the freshest or rarest fish. Because a woman is a good meat cook, it does not follow that she is equally expert at cooking fish. The tendency is to over-cook fish and many recipes give a time that is too long for best results. Cook fish until the meat separates from the bones and the fish looks lumpy—not shriveled.

Large trout are delicious baked. Clean, wash and wipe dry, then fill with a bread stuffing. Place the fish on a greased pan, sprinkle it with salt and pepper, brush over with melted butter and dredge with flour. Bake in a hot oven basting often with melted butter or bacon fat.

Small trout are delicious dipped in salted milk (1 tablespoon of salt to 1 cup of milk) then in fine crumbs, then placed in a greased pan with a little melted butter or oil added to each fish. Cook in a very hot oven. When the fish is removed from the oven, each piece will be beautifully browned on all sides, and will be perfect in shape.

Roller corn flake crumbs are good to use instead of dried bread crumbs because they are easy to prepare and are naturally a golden brown. With this way of cooking fish, called the "Spencer Method," care should be taken to completely cover the fish with crumbs, use a hot oven and add no water to the pan. You will enjoy the result more than by frying the fish, and there will be no odor of cooking in your house.

If your fisherman has been unusually successful in the number of small trout which he has caught, they may be served cold. Prepare a fish stock and in it cook the trout for a short time—until the meat begins to leave the bones. Cook together one cup of vinegar, several whole cloves, a small stick of cinnamon and a cup of bay leaves. Strain and season with salt, add one fourth cup of oil. When the fish are cold, arrange them on a platter and pour the oil and vinegar over them. Garnish with slices of onions and lemon, and sprinkle with paprika.

"MISS BLUEBEARD"

BENEFIT PICTURE

Bebe Daniels Star in Picture Given Under Auspices of Library Board

CHARMING LOVE—COMEDY

Complications Piling Up in Same Make Hilarious Entertainment

Bebe Daniels appears tonight for the last time in "Miss Bluebeard" the benefit picture given under the auspices of the Library Board at the New Park theatre.

Straight from New York is this gay comedy of a French girl who suddenly finds herself with one husband too many. It's a charming love-comedy that is ideally suited to Bebe Daniels.

Those who saw "Miss Bluebeard" on Thursday evening say that this picture has more laughs in it than any comedy that has been shown on the screen for some time. As a rule, matrimonial farces depend too much on witty lines to be good screen material, but here is one that would be full of laughs without the assistance of any titles.

The complications that pile up as a result of Miss Daniels' frolicsome adventures make hilarious entertainment. Entanglements race one after the other at a furious speed until it seems that they can never be straightened out, but the comedy takes a sudden twist and makes a very happy ending.

As a stage play, "Miss Bluebeard" ran for more than a year in New York city, and then went out and duplicated that success on a long road tour. It proved to be one of the comedy successes of the stage, but it is many times better on the screen.

The funds realized from this picture will be used by the Library Board in making a number of improvements in the service of the public library.

Candy for the Small Ones

St. Cloud Journal-Press

The distribution of the state aid highway fund has been made. This fund comes from the one-mill state tax for roads.

As the Journal-Press has frequently stated, this tax is a big money-maker for most of the counties, and if the rate were higher all but a few of the counties would get back more "velvet."

The three counties that are doing the big brother act are Hennepin, Ramsey and St. Louis. Hennepin pays in \$320,106, and gets back \$50,000; St. Louis is the heaviest contributor, \$374,870, and draws back \$50,000.

Notwithstanding the big payments from these counties and the small returns, as represented in the legislature they were all in favor of carrying on the good road program as outlined by Commissioner Babcock. On trunk highways the three cities of Duluth, Minneapolis and St. Paul, pay in motor vehicles licenses something like forty per cent of the whole and get back nothing.

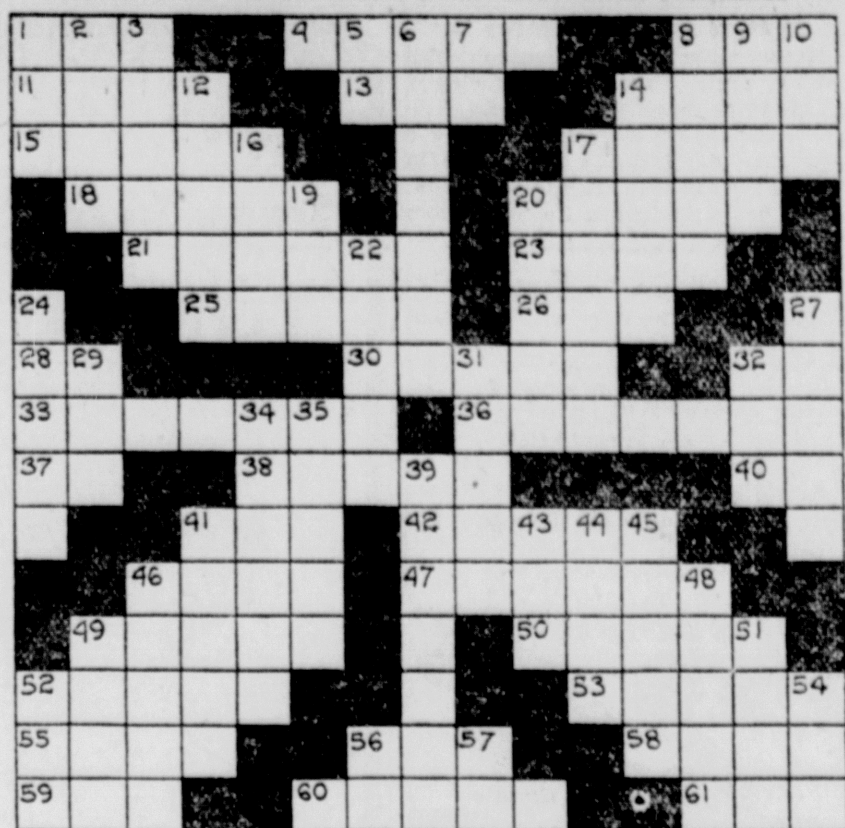

Benton county, for illustration, pays in \$6,949, and received back three times as much, \$20,456. Yet one of the Benton county business organizations was a rampant kicker on the good road program, that would not have added a penny in taxes. Sherburne county pays \$5,579 and collects \$22,210, four dollars for one—and yet there are a few kickers in Sherburne. Stearns county, which is next in wealth to the big three, pays into the state treasury \$29,593 and receives \$29,600—just "seven to the good."

Several other counties break about even, but the smaller counties get from three to ten dollars for every one they pay in taxes.

The principle, which is sound, is that public highways are a state wide need, and serve all the people, and all should help pay for them, not as a local but as a state proposition. On Trunk Highway No. 3, which runs the whole length of Sherburne county, there are a hundred outside people using this highway to one resident of Sherburne—and it would be manifestly unfair for Sherburne to stand the whole expense of this highway.

Will you arrange to have one of your troops which is interested in radio work instal this outfit? It will be sent to you complete for this purpose. Other outfits will be provided from time to time as applications from other people in your community are approved.

The opportunity for doing such a good turn for the blind was immediately accepted and in the last few days two radios have been received and have been installed. Troops No. 5 under the direction of Dr. K. H. Hoorn and No. 1 under direction of Anson Hagel accepted the responsibility of installing these outfits.

First class Scouts only are permitted to do the work and the only re-

muneration these Scouts receive is the experience and the credit allotted them on their radio merit badge for installation.

Both families receiving radios feel greatly indebted to the American Foundation for the blind and also the members of these troops for installation.

In the near future, one of the troops will send a patrol of boys to Pine River to install a radio at that place. This is the first time that the boys have been called upon to accept such a responsibility and have shown an excellent interest in the work.

Sometime ago, a request was made to the local Scout Headquarters for the services of several Boy Scouts in the county to install radio outfits for some of the blind people of the community. The following letter was received:

"Through the agency of the American Foundation for the blind and a number of newspapers, arrangements are being made to provide radio outfits for blind people throughout the United States. The Boy Scouts of America has been offered the opportunity of taking part in this very worthwhile work through the installation of these outfits.

THAT FRAZIER CASE

THE case of Frazier, whom the government claims is an imposter named Lopez, is one fraught with deep dramatic interest. So far Frazier's father, mother, two sisters and several army buddies have testified the man in question is Frazier.

The government has maintained a grilling cross examination of Frazier until the harassed, sick man could no longer keep on the stand and was hurried to a hospital where he may die.

The government is not infallible. If some department has made a mistake, no one will visit condemnation on such bureau, but to make a mistake as to identity and seek to fortify such a mistake is something no man or community will stand.

The government, it is said, has already spent \$25,000 on what it terms the Frazier-Lopez case, seeking to show that the man alleged to be Frazier is an imposter, a Mexican named Lopez. If Frazier is successful in establishing his identity, it will be at a severe cost, for the man is dying from advanced tuberculosis and a strain like undergoing grilling cross examinations does not tend to lengthen one's vitality.

The younger sister of Frazier in her testimony given said she had a "hunch" that her brother was not dead and mentioned three telegrams received by the family in October of the war year. The first stated Frazier was dead, the second stated he was wounded and the third announced he was missing.

Such telegrams, however, have been received by other families too. In Brainerd Mr. and Mrs. Peter A. Erickson received a telegram that their son, in war service, was dead, followed later by several telegrams that he was wounded, when in fact, he was wounded but once and came home and is alive today at the green-house.

A western man, home from the war, was reported to have received several notices, even now, that he is dead. The government is not infallible in such matters because of the great similarity of names in the army.

If United States District Attorney French, Jr., observes the St. Cloud Daily Journal-Press, had been as energetic in prosecuting some of the national bank wreckers as he is in pushing the case against the poor sick Indian or Mexican boy, he might have a better worth while record.

NEWSPAPER ADVERTISING

A TOWN is known to the outside world by its newspapers. Those towns which have rallied around the newspapers have extended its border far beyond the signboard painted "city limits."

Community spirit that is built up from service, as well as buying and selling the farmers and laborers runs highest in those towns which have advertised their shops and stores through the local papers. No town stands still long—either it rallies around the local newspaper, the bandstand and the ball team for a pride of advancement and achievement, or it dozes off gently to sleep and decay while active neighbors and the bigger cities drain off the life blood that should course through its civic life, comments Editor Lewis A. Bradford of the Verndale Sun.

The business houses of any town or city, large or small, can move the "city limits" out two miles, five miles, or even ten miles. Instead of their city limits being set by the signboard erected by the town council, they can set them by their reputation for service and their advertising in the local paper to include an area a hundred times as large; yes, even a thousand times as great! A dealer's store occupies important space on main street, space that is worth \$100 to \$500 a month, frequently. The more people brought from the outside into that store, the more economical service he can render the community, and the more profit to himself and everybody in that community.

WINDOW SHOPPING

WE always thought "window shopping" a profitless matter, a woman's wile to kill time and bother a merchant, until a lady explained the psychology and philosophy of the practice.

Just as a man can sometimes borrow more money when he does not need it, so a woman, she reasons, can sometimes gain better prices on articles she is not imperatively in need of.

For instance, in furniture, this lady visited the stores, looked about nonchalantly until somebody made her a most effective bid for patronage and she quickly bought the article of furniture.

A woman shopper, even when just "looking around" and buying nothing, is sizing up a store, the merchandise and the prices and putting all the facts in the filing cases of her brain under her permanent wave. The shrewdest buyer in any home is the housewife.

No announcement of the State Highway Commission has been given greater publicity nor received more comment than the statement that Trunk Highway No. 27 is to be paved from Belle Prairie to Brainerd. So far no objection has been raised against this most necessary improvement.

BIG WAYNE MUNN, the wrestler, has taken to climbing trees in order to condition himself for the coming bout with Ed Strangler Lewis. Brainerd, in the early days, had a "squirrel" whiskey and imbibers of the same were often found climbing trees and making regular monkeys out of themselves.

EXHIBITORS of the Northwest backed the bill which compels free show promoters to pay a state license of \$5 to stage each free show. The permit will be issued only after the applicant executes a bond of indemnity, which will be fixed by the state fire marshal.

A SINGLE man gets a thrill gazing at filmy "undies" in a window. A married man, hardly ever, because he figures he will have to buy some of them for the Missus or the oldest daughter.

WITH the temperature at Brainerd yesterday 90 degrees, the weather prediction that it would be "colder" tomorrow came with peculiar force.

DRIVE your car carefully. Don't depend on the other fellow. The fellow you meet may be as crazy a driver as you are.

BEER testers over in Ontario are to work without salary, says the Baudette Region and adds, "Who wouldn't?"

COOPERATIVE ASSOCIATION HAS FINE SYSTEM FOR HANDLING MINNESOTA FLEECE POOL

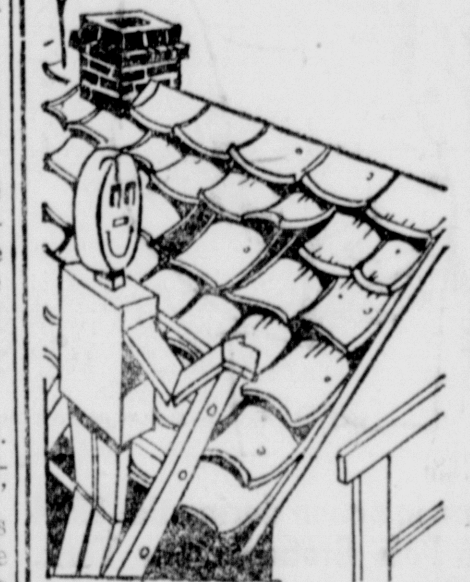

Wool growers of Minnesota who pool their fleeces through the Minnesota Cooperative Wool Growers association, will have it weighed and graded by inspectors licensed by the U. S. Department of Agriculture at the federal bonded warehouse of the association at Wabasha.

This fact was one of the many interesting features of the wool association's operation brought to the attention of a Farm Bureau representative at a recent inspection of the Wabasha offices and warehouses. A representative of the Department of Agriculture had just completed a most satisfactory examination of the accounting methods employed by the association.

The Farm Bureau also learns that the education feature of the cooperative marketing associations is proving of great benefit to the wool growers, the same as it has to the butter producers and the poultry producers.

2 VETERINARIANS ON THE PROGRAM

(By United Press)
St. Paul, May 22.—Two veterinarians, now professors at Cornell university, Ithaca, N. Y., have been placed on the program of the fourth annual shortcourse for veterinarians and the semi-annual meeting of the State Veterinary Medical association to meet here July 15 and 16.

The two well known veterinarians are Dr. V. A. Moore and J. N. Frost, both of Cornell university. Professor Frost will have charge of the cattle clinic at the University Farm short course.

THAT FRAZIER CASE

THE case of Frazier, whom the government claims is an imposter named Lopez, is one fraught with deep dramatic interest. So far Frazier's father, mother, two sisters and several army buddies have testified the man in question is Frazier.

The government has maintained a grilling cross examination of Frazier until the harassed, sick man could no longer keep on the stand and was hurried to a hospital where he may die.

The government is not infallible. If some department has made a mistake, no one will visit condemnation on such bureau, but to make a mistake as to identity and seek to fortify such a mistake is something no man or community will stand.

The government, it is said, has already spent \$25,000 on what it terms the Frazier-Lopez case, seeking to show that the man alleged to be Frazier is an imposter, a Mexican named Lopez. If Frazier is successful in establishing his identity, it will be at a severe cost, for the man is dying from advanced tuberculosis and a strain like undergoing grilling cross examinations does not tend to lengthen one's vitality.

The younger sister of Frazier in her testimony given said she had a "hunch" that her brother was not dead and mentioned three telegrams received by the family in October of the war year. The first stated Frazier was dead, the second stated he was wounded and the third announced he was missing.

Such telegrams, however, have been received by other families too. In Brainerd Mr. and Mrs. Peter A. Erickson received a telegram that their son, in war service, was dead, followed later by several telegrams that he was wounded, when in fact, he was wounded but once and came home and is alive today at the green-house.

A western man, home from the war, was reported to have received several notices, even now, that he is dead. The government is not infallible in such matters because of the great similarity of names in the army.

If United States District Attorney French, Jr., observes the St. Cloud Daily Journal-Press, had been as energetic in prosecuting some of the national bank wreckers as he is in pushing the case against the poor sick Indian or Mexican boy, he might have a better worth while record.

NEWSPAPER ADVERTISING

A TOWN is known to the outside world by its newspapers. Those towns which have rallied around the newspapers have extended its border far beyond the signboard painted "city limits."

Community spirit that is built up from service, as well as buying and selling the farmers and laborers runs highest in those towns which have advertised their shops and stores through the local papers. No town stands still long—either it rallies around the local newspaper, the bandstand and the ball team for a pride of advancement and achievement, or it dozes off gently to sleep and decay while active neighbors and the bigger cities drain off the life blood that should course through its civic life, comments Editor Lewis A. Bradford of the Verdale Sun.

The business houses of any town or city, large or small, can move the "city limits" out two miles, five miles, or even ten miles. Instead of their city limits being set by the signboard erected by the town council, they can set them by their reputation for service and their advertising in the local paper to include an area a hundred times as large; yes, even a thousand times as great! A dealer's store occupies important space on main street, space that is worth \$100 to \$500 a month, frequently. The more people brought from the outside into that store, the more economical service he can render the community, and the more profit to himself and everybody in that community.

WINDOW SHOPPING

We always thought "window shopping" a profitless matter, a woman's wile to kill time and bother a merchant, until a lady explained the psychology and philosophy of the practice.

Just as a man can sometimes borrow more money when he does not need it, so a woman, she reasons, can sometimes gain better prices on articles she is not imperatively in need of.

For instance, in furniture, this lady visited the stores, looked about nonchalantly until somebody made her a most effective bid for patronage and she quickly bought the article of furniture.

A woman shopper, even when just "looking around" and buying nothing, is sizing up a store, the merchandise and the prices and putting all the facts in the filing cases of her brain under her permanent wave. The shrewdest buyer in any home is the housewife.

No announcement of the State Highway Commission has been given greater publicity nor received more comment than the statement that Trunk Highway No. 27 is to be paved from Belle Prairie to Brainerd. So far not one objection has been raised against this most necessary improvement.

BIG WAYNE MUNN, the wrestler, has taken to climbing trees in order to condition himself for the coming bout with Ed Strangler Lewis. Brainerd, in the early days, had a "squirrel" whiskey and imbibers of the same were often found climbing trees and making regular monkeys out of themselves.

EXHIBITORS of the Northwest backed the bill which compels free show promoters to pay a state license of \$5 to stage each free show. The permit will be issued only after the applicant executes a bond of indemnity, which will be fixed by the state fire marshal.

A SINGLE man gets a thrill gazing at filmy "undies" in a window. A married man, hardly ever, because he figures he will have to buy some of them for the Missus or the oldest daughter.

WITH the temperature at Brainerd yesterday 90 degrees, the weather prediction that it would be "colder" tomorrow came with peculiar force.

DRIVE your car carefully. Don't depend on the other fellow. The fellow you meet may be as crazy a driver as you are.

BEER testers over in Ontario are to work without salary, says the Baudette Region and adds, "Who wouldn't?"

FEDERAL INSPECTORS
GRADE, WEIGH WOOLCOOPERATIVE ASSOCIATION HAS
FINE SYSTEM FOR HANDLING
MINNESOTA FLEECE POOL

Wool growers of Minnesota who pool their fleeces through the Minnesota Cooperative Wool Growers association, will have it weighed and graded by inspectors licensed by the U. S. Department of Agriculture at the federal bonded warehouse of the association at Wabasha.

This fact was one of the many interesting features of the wool association's operation brought to the attention of a Farm Bureau representative at a recent inspection of the Wabasha offices and warehouses. A representative of the Department of Agriculture had just completed a most satisfactory examination of the accounting methods employed by the association.

The Farm Bureau also learns that the education feature of the cooperative marketing associations is proving of great benefit to the wool growers, the same as it has to the butter producers and the poultry producers

of the state, by teaching them how to improve the quality of their product. "There is a marked improvement in the condition and preparation of the fleece from localities that have shipped to us prior to this year," says General Manager R. E. Jones. "The education feature of every co-op. is a main item in its service. Also it is noticeable that wherever the cooperative wool association is in evidence and active there is a decided stimulation in local prices. The grower should never forget this fact," observed Mr. Jones.

2 VETERINARIANS
ON THE PROGRAM

(By United Press)

St. Paul, May 22.—Two veterinarians, now professors at Cornell university, Ithaca, N. Y., have been placed on the program of the fourth annual shortcourse for veterinarians and the semi-annual meeting of the State Veterinary Medical association to meet here July 15 and 16.

The two well known veterinarians are Dr. V. A. Moore and J. N. Frost, both of Cornell university. Professor Frost will have charge of the cattle clinic at the University Farm short course.

A Lovely New Home Going
Up In West Brainerd
For Ralph Falconer

Mr. Falconer is owner of the successful Riverside Grocery. His business experience has proven to him the value of owning a real home and he came to us recently for the materials to build one.

The new house will be 26x36 with a 9x16 sun parlor. It will have a full basement and every detail from basement to roof will be modern.

The exterior finish will be Rockbound stucco and the roof will be covered with 12 inch Genasco Laytile Shingles.

We were able to make a few suggestions to Mr. Falconer that resulted in a saving to him and we are certain that he and his family will be well pleased with the finished home.

You will appreciate our service, too, no matter what kind of a job you have.

JOINT MEETING

PARENT-TEACHERS

Musical Program Was an Interesting Feature of Joint Meeting Held

S. SHAVER PRINCIPAL SPEAKER

Various Associations Give Reports of Work Accomplished During The Year

The joint meeting of the Parent Teachers' associations was a decided success. The music was very good. Miss Rickard sang two songs, "Pale Moon" and "In the Garden of Tomorrow," so very well that the audience would gladly have had more. Elvia Benson and Jeannette Jackson played a piano duet, while Emma Jean Clarkson gave "Old Pal" on the violin. Helen Paine gave two very interesting humorous readings.

The talk of the evening was by S. Shaver, Boy Scout Executive, on the value and need for more physical training, because it gives a natural outlet for the surplus energy of the child. If it is not given this method of expressing itself, it is naturally perverted into less desirable channels. Therefore every parent should encourage his children, whether girls or boys, to partake in any athletics that are offered, and be interested in outdoor sports generally. This is the age of speed and ease—when people ride instead of walk. The child who has the car to ride in doesn't get the most necessary exercise, and so his energy is bottled up and must find outlet in less desirable channels—energy should be put into muscle, if it is to be properly used.

The other great value of competitive sports is that it teaches co-operation and team work—so very essential if we are to develop the country to its fullest possibilities. The country needs leaders. The best way is to begin in their childhood to bring out that quality and train it for the welfare of the nation.

The various parent-teacher organizations made their annual reports as to money received and disbursed and the various enterprises sponsored by them. The Lincoln-Washington and the Lowell reported the decidedly beneficial results from the milk given to the underweight children—the Harrison that they had almost as many fathers as mothers present at their meetings—the Whittier that they were centering their attention on play ground equipment—the Garfield that they, along with various other schools, were aiding the Child Welfare work. All schools reported a most successful year, and had bright hopes for next year.

The evening opened with a display of the dresses made by the seventh and eighth grade girls, under Miss Uglum's care, and ended with an appetizing lunch of coffee, sandwiches and cookies made by the cooking girls under Miss Wanous.

GUNION SENTENCED

TO STATE PRISON

Judge B. F. Wright Denies Motion For a Retrial And Setting Aside Jury Verdict

BORASH SENTENCE SUSPENDED

Petit Jury Discharged Thursday Afternoon, Term Closed Friday Morning

In district court Friday morning, Charles Gunion, found guilty of assault, was sentenced to an indeterminate term at the state prison in Stillwater, until released by due process of law. Gunion moved for the setting aside of the jury's verdict, asking for a retrial, which motion was denied.

Vance Borash, who pleaded guilty to a charge of forgery, and was sentenced to Stillwater penitentiary, received a suspended sentence this morning on condition that he return to work with his former employers and report to the court each month.

The petit jury was discharged on Thursday afternoon, and Judge B. F. Wright closed the term on Friday morning. He will return to Brainerd to hold an adjourned term starting June 23rd, at which time a number of cases on the civil calendar, which were not ready for trial at the regular term will be disposed of.

Constipation makes a sallow skin—drive it out with Kellogg's ALL-BRAN

Don't let constipation rack and ruin your beauty and health.

Constipation can ruin your good health. Take no chances. Drive it out—and keep it out of your system. Do not let its poisons gather in your body—poisons which lead to over forty serious diseases. Unpleasant breath is a warning. So are pimples and blotchy skin. Kellogg's ALL-BRAN brings permanent relief in the most chronic cases, if eaten regularly. It is guaranteed to do so or your grocer returns the purchase price. Only ALL-BRAN is wholly effective—that is what Kellogg's is, 100% bran. That is why doctors recommend it—they know it brings results. It has brought relief to thousands when all else has failed. You will like the nut-like flavor of Kellogg's ALL-BRAN. Eat at least two tablespoonfuls daily—in chronic cases, with every meal. Sprinkle it over other cereals. Fine with fruits. Kellogg's ALL-BRAN is made in Battle Creek, Michigan, and served by leading hotels and restaurants everywhere. Sold by all grocers. Get a package today.

When Pores Clog Beauty Dies—Prevent It!

YOUR skin can be beautiful if pores are cleansed to their very roots. Few soaps do this; their mealy ingredients clog pores. Jap Rose cleans perfectly. All tonic ingredients—so pure they are trans-

parent—lather perfectly in any water. They enter every pore, cleanse it full length, then stimulate. Look for the tingle that comes after using Jap Rose. It's a sign that pores are being cleaned. After skin is really clean the tingle disappears.

MEMORIAL DAY PROGRAM PREPARED

Committees of Many Organizations
Meet to Make Final
Arrangements

PAP THOMAS POST DIRECTING

Assisting Are Ladies of G. A. R.,
Women's Relief Corps, American
Legion and Auxiliary, Etc.

The committee, composed of representatives of the various organizations particularly interested, meets this evening to make final arrangements for the Memorial Day program which will be carried out as usual at Evergreen cemetery.

This program will be carried out in the main by the members of Pap Thomas Post, No. 30, Grand Army of the Republic, under the leadership of Commander Albert Fox. The organizations assisting include the ladies of the G. A. R., the Women's Relief Corps, the American Legion, the Legion Auxiliary and the Disabled War Veterans.

Tentative arrangements call for a parade headed by the American Legion and its firing squad, the G. A. R. and auxiliaries in automobiles, Brainerd bands, the school children of the city, and citizens who desire to be included. A feature of the American Legion section will be the matty blue over-seas caps, purchased especially for the occasion.

The parade will end at the cemetery, where the ceremonies of the day will take place. A fitting program is being arranged, and will be published later. The speaker of the day is to be Rev. Frederick Errington, of Moorhead, former pastor of the First Congregational church of Brainerd. Rev. Errington delivered the Memorial Day address at Little Falls last year, delivering one of the finest orations ever heard in that city.

In addition to the program of music and addresses, the ceremonies will include the decorating of the G. A. R. plot, the cross, and the firing over the graves by the firing squad.

Brainerd will decorate its cemetery in the usual beautiful manner, especially for the occasion, and the graves of deceased war veterans will be given special attention.

Great Cast With Bebe Daniels in
"Miss Bluebeard" at the New
Park Last Time Tonight

Bebe Daniels in her second starring picture of Paramount's Justly-Famous Forty, "Miss Bluebeard," an adaptation of Avery Hopwood's Broadway stage success, "Little Miss Bluebeard," is supported by an ideal cast of players—a cast true-to-type in every sense of the word.

"The Thundering Herd," Filmed Under Difficulties, Showing at New Park Sunday, Monday, Tuesday

In the twenty-two years motion pictures have been in existence, every phase of western life and western history has been photographed save the most important story of all—that of the American buffalo.

Now, for the first time, the true story of the bison has been told in celluloid.

"Joe Bush" Day at Lyceum Tonight.
Great Baseball Picture Showing

It is unfair to say in the same breath that the picture includes the story of a world's series hero and the sinking of the giant ocean liner "Titanic"; yet such is the deftness of the author that these apparently incongruous elements are blended into a sturdy, red-blooded dramatic whole without any conscious effort, apparently. Following in the wake of

"The Third Alarm," "In the Name of the Law," "Westbound Limited," "The Mailman" and "The Spirit of the U. S. A." It seemed inevitable that the Johnsons could not turn out another picture to stand out above all these. Yet they have done it; and there seems no limit to the powers.

"Life's Greatest Game" is primarily a baseball story, and it treats the national game with the greatest respect and fidelity to detail. Yet at no time is the play technical. Any woman or any child, though totally ignorant of baseball, could not fail to appreciate and enjoy the picture, which has its final showings tonight and dedicated as "Joe Bush Day."

Marshall Neilan's Latest Is "The Sporting Venus"

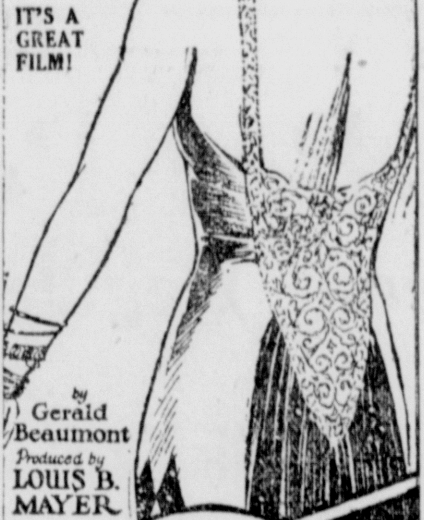

Marshall Neilan, famous director of light comedy and whimsical stories of real life, has returned to his favorite type of story in "The Sporting Venus," his latest Metro-Goldwyn-Mayer production, which comes to the Lyceum Theatre on Sunday and Monday.

After a successful experiment with screen tragedy in "Tess of the D'Urbervilles," Neilan returns to delicate comedy and breezy situations of his own concoction in this production, and the result promises excellent entertainment.

The Pick of the Peas

Peas are alike in the pod but there is a vast difference in the pods of different varieties. There is a chance for experiments with peas each year, as we almost invariably find a few new varieties coming into commerce due to the indefatigable labors of English pea breeders, who, in recent years, have made great strides in this succulent vegetable, one of their chief accomplishments being the development of giant pods for dwarf vines where formerly the giant podded type was limited exclusively to the tall or bush pea class.

This is a good pea season because of its earliness and early peas will be earlier than usual in the gardens of those bold growers who always chance putting in peas as soon as the soil can be worked. Dwarf peas are growing in popularity and are the stand-

ard for the home gardener as they obviate the necessity of getting brush or wire to hold the vines.

Little Marvel is one of the popular sorts, almost always a fine cropper and bearing over a longer season than many other varieties, which is one of its strong points. The quality is excellent. Nott's Excelsior and American Wonder are early types that find favor in many gardens, the former being largely used as an extra early pea.

"Top o' the Morn" and Laxtonian are types of the English giant podded peas of rare quality and free bearing. "Eight Weeks" is another newcomer highly recommended, dwafier in growth than the two preceding. Laxton, the English pea wizard, has given a cross between the hardy early round seeded peas and the better quality, but more tender, wrinkled peas in

Superb that can be planted almost as early as the round seeded types and is much superior in quality.

Gradius is a standard of excellence and one of the finest flavored of the sturdier growing semi-dwarf sorts. Thomas Laxton is a selected type of Gradius of stronger growth, reaching from 3 to 3½ feet in height. Telephone and Champion of England are standard bush peas.

Monte Blue, Virile Type of Photoplay Leading Man

Fashions seem to change in photoplay leading men. Probably for the reason that the public taste in anything changes quickly—and motion pictures must always keep pace with their public.

Within the past year or so Monte Blue, the young leading man who is so frequently in Warner Bros. Screen Classics, has risen to a position of enviable importance among motion picture players.

Blue is now working under a long term contract with Warner Bros. He is prominently cast in "Being Respectable," which is to be presented at the New Park Saturday only.

LIGHTNING HIT

THE FISH HOME

Follows Wiring Into House And Exploded in Bedroom Close to Occupied Bed

YOUNG FISH UNINJURED

Was Not Even Stunned by the Shock, Fire Department Extinguishes Blaze

Lightning during the storm early Friday morning struck the residence of W. T. Fish, 409 North Second street, doing considerable damage to the rooms on the second floor.

The lightning followed the wiring into the house and exploded in a bedroom, within a few feet of a bed in which Mr. Fish's son was sleeping. While it tore up the room badly and started a fire there, the miraculous thing about it was that the young man escaped without injury, and was not even stunned from the shock.

The fire department was called and the blaze extinguished before it spread to other parts of the house.

Beside Mr. and Mrs. Fish, their son-in-law T. B. Erickson also lives in the house.

Storm Damage at Reid Farm
Lightning struck at the Fred Reid farm south of the city, where it followed the metal track of a litter carrier from the barn to where the carrier dumps, where it exploded in flames.

The hired man who was standing near the track was stunned from the thunderbolt and was unconscious for some time. Three cows nearby were also stunned. No damage to the barn is reported.

BRAINERD'S ODDEST STORIES OF TODAY

All records for quick turnovers in the seed business were made yesterday at Turcotte's store when Art brushed against a cabinet full of packages of peas, beans, squash, turnips, parsley, tomatoes, etc., and upset the business on the floor.

We used to think that a lunch of buttermilk and sauerkraut was as far as one can safely go in that direction until we saw Alderman Ernest Ritari add beans to the above menu.

The Brainerd pop factory has blossomed out with a decorative pop bottle. The top has the usual sylphlike neck, followed by quite a bust development and then retreating to straight svelte lines.

LIGHTNING HIT**THE FISH HOME**

Follows Wiring Into House And Exploded in Bedroom Close to Occupied Bed

YOUNG FISH UNINJURED

Was Not Even Stunned by the Shock. Fire Department Extinguishes Blaze

Lightning during the storm early Friday morning struck the residence of W. T. Fish, 409 North Second street, doing considerable damage to the rooms on the second floor.

The lightning followed the wiring into the house and exploded in a bedroom, within a few feet of a bed in which Mr. Fish's son was sleeping. While it tore up the room badly and started a fire there, the miraculous thing about it was that the young man escaped without injury, and was not even stunned by the shock.

The fire department was called and the blaze extinguished before it spread to other parts of the house.

Beside Mr. and Mrs. Fish, their son-in-law T. B. Erickson also lives in the house.

Storm Damage at Reid Farm. Lightning struck at the Reid farm south of the city, where it followed the metal track of a litter carrier from the barn to where the carrier dumps, where it exploded in flames.

The hired man who was standing near the track was stunned from the thunderbolt and was unconscious for some time. Three cows nearby were also stunned. No damage to the barn is reported.

BRAINERD'S OLDEST STORIES OF TODAY

All records for quick turn-overs in the seed business were made yesterday at Turcotte's store when Art brushed against a cabinet full of packages of peas, beans, squash, turnips, parsley, tomatoes, etc., and upset the business on the floor.

We used to think that a lunch of buttermilk and sauerkraut was as far as one can safely go in that direction until we saw Alderman Ernest Ritari add beans to the above menu.

The Brainerd pop factory has blossomed out with a decorative pop bottle. The top has the usual sylphlike neck, followed by quite a bust development and then retreating to straight svelte lines.

B. A. C. STAY ON TOP OF THE LEAGUE

WHERE B. B. PLAYERS COME FROM AND GO TO

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 22.—Foreigners have some very peculiar ideas about our national game of baseball. Few of them have seen the game played by skilled professionals and not many of them knew what it was all about after they had seen a game. Not only are they for the most part ignorant about the technical part of the game, but they do not know nor understand the organization of the major leagues.

Some time ago a British sport writer, who had been sent to this country to get material for a series of stories on American sports was asking some American friends for some information about baseball.

He didn't care to know so much about the rules of the game and was interested principally in the administration of the game.

During the discussion it was pointed out to him that the two New York teams had performed the unusual feat of playing in three successive world's series and that the Giants had made a record by winning four consecutive championships.

He failed to see anything unusual about that and when asked for his reason, he replied:

"I should think New York will win all the championships because New York is the biggest city in your country and more ball players should be raised here than in any other city."

He was of the impression that a New York team consisted entirely of players born or belonging to New York, although that does not hold good among the British professional football and cricket players.

His discussion, however, brought up the point—where do the ball players come from.

Only eight of all the ball players in the major leagues were born in New York City and only three of them are playing on New York teams—Frank Frisch, Waite Hoyt and Hugh McQuillan. The other New Yorkers are distributed around the two leagues—Joe Judge, Washington Senators; Hack Miller, Chicago Cubs; Val Picinich, Boston Red Sox; George Torporcer, St. Louis Cards; and Jimmy Ring, Philadelphia Phillies.

The St. Louis clubs have three natives playing with them—Clarence Mueller with the Cards and Gene Robertson and Johnny Tobin with the Browns.

The Cleveland Indians have a native star in George Uhle and they used to own another one, Bill Wambgsans, but he was traded to the Boston Red Sox. The Chicago White Sox have one home product in Johnny Mostil.

Pennsylvania seems to be the ranking state in producing and developing major league players and most of the stars turned out come from the same regions in the coal mine districts.

PHANTOM FINN RACES LEADING HALF-MILE STAR

AMERICAN RATED AS ONE OF BEST MIDDLE DISTANCE MEN IN WORLD

FOREIGNER, MANY CLAIM, BE- CAUSE OF CONSTANT RACING, IS "BURNED OUT"

New York, May 22.—Athletic students of form seldom have found such a problem to do as that to be presented in the Yankee stadium next Tuesday night, when Paavo Nurmi, the world's champion long-distance runner, meets Allan Helfrich, one of the best middle distance runners in the world in a half-mile race.

There is no question that Nurmi is one of the greatest runners that ever lived, and Helfrich is perhaps the best half-miler developed in this country since the days of Ted Meredith. The problem is to do Nurmi's form over the short route, the case being similar to a match between Babe Ruth, champion slugger of baseball, and Tris Speaker, the king of two-baggers, if they were to meet in a double hitting contest.

Nurmi can run short distances. He is famed chiefly for distances over the mile, and it is not generally known that he is the sprint champion of Finland. That does not mean so much, however, as the Finns are not of a sprinting race.

If Nurmi was in the same condition now as he was during the Olympic games, form dope would justify odds of 7 to 5 he would win. There is some question now about Nurmi's form, and it is probable Helfrich will go to the mark as the favorite, or at least as an even choice.

Nurmi said yesterday that he did not feel quite sure of himself, and that he was not certain that he had not burnt himself out.

MINNESOTA U LOSES ITS HEAD COACH SPAULDING

LATTER RESIGNS FROM HIS UNI- VERSITY POSI- TION

MAY BECOME ATHLETIC DIREC- TOR OF U OF SOUTHERN CALIFORNIA

(By United Press)
Minneapolis, May 22.—Minnesota University today is without a head football coach following announcement last night of resignation of

William H. Spaulding from that position.

Reports here from Los Angeles said Spaulding had accepted a five-year contract as athletic director of the University of Southern California. Minnesota University officials refused to confirm Spaulding's affiliation with the California University, but confirmed his resignation with the Minnesota University.

They said any word regarding his acceptance of the position with Southern California must come from the college. As yet no one has been prominently mentioned to step into Spaulding's place here.

GRADE SCHOOL

TRACK MEET IS TO BE HELD

OPENS SATURDAY MORNING AT
9 O'CLOCK AT GREGORY
PARK

ADJOURNS AT 10:30 TO TAKE
PART IN MINNEAPOLIS
RECEPTION

Starting at 9 o'clock, the Grade School track meet will be held tomorrow morning at Gregory park. All grade schools of the city have entries in the meet, and some keen competition is anticipated.

Preliminaries in the dash events were held on Tuesday evening, when each school entered runners in the 75 and 220 yard dashes for boys, and in the 50 and 100 yard dashes for girls. Several heats in each distance were run, with the three highest in each heat being picked for the finals.

The jumps, volley ball throws, and as much as possible of the runs will be held in the morning, Saturday, starting at 9 o'clock. At 10:30 o'clock the races will be adjourned until 1 p. m., on account of the Friendship tour visit to Brainerd. All entrants in the track meet will march to the depot, and take part in the parade. The long races and the relays will be held in the afternoon.

The Rotary Club has purchased a large silver cup, fourteen inches high to be suitably engraved and presented to the school winning the highest number of points. Besides the cup, the first, second and third place winners in each event will be awarded prize ribbons.

A number of assistants will be on hand to aid in keeping the race track clear. Those attending the competition are requested to follow the orders of the officials in keeping back from the course. A position a few feet farther back will enable one to view the races just as well as crowding toward the line, and will aid the runners materially in their running.

The entries are as follows:
50 yard dash for 8, 9 and 10 year girls—Bernice Hill, Dorothy Pentin and Audrey Erickson, Harrison school; Louise DuBois, Elizabeth Patterson and Esther Hanson, Lincoln school; Linda Zawadzki, Eileen Rasch and Mildred DuFresne, Lowell school.

50 yard dash for 11, 12 and 13 year girls—Veronica McGarry, St. Francis school; Mildred Hill, Lillian Maki and Borghild Olson, Harrison school; Marie McPherson and Mildred Peterson, Lincoln school; Dorothy Kinney and Onalee Lewis, Whittier school; Lucille Wrobel, Garfield school.

50 yard dash for 14, 15 and 16 year girls—Dolly Whitman, Ellen McCumber and Marion Hill, Harrison school; Anna Wahlstrom and Clara Hively, Lowell school; Dorothy Schrader, Whittier.

100 yard dash for girls 8, 9 and 10 years—Helen Figue, Lowell school; Dorothy Pentin, Harrison; Elizabeth Patterson, Lincoln.

100 yard dash for girls 11, 12 and 13 years—Veronica McGarry, St. Francis; Lois Hanson, Hilya Loya and Constance Vorce, Harrison; Frances Butler and Sarah Wagner, Lowell; Kathryn Sheets, Whittier; Marie McPherson, Lincoln.

100 yard dash for girls 14, 15 and 16 years—Dolly Whitman and Ellen McCumber, Harrison; Anna Wahlstrom, Lowell.

75 yard dash for boys 8, 9 and 10 years—John Linn, Bennie Erickson and Toisto Pohjola, Harrison; Arthur Holman, David Templeton, Lowell; Clarence Liners, Lincoln; Parker Campbell, John Woodhead and Wm. Stout, Whittier; John Wrobel, Garfield; Hugh McCaffrey, George Lake and John Hoffbauer, St. Francis.

The B. A. C. stayed on top of the league by defeating the Y. M. C. A. last night, 9-8. As in some of the previous games, the first of the game was loosely played, the score being 7-7 after the second inning. From that point the game was as good as anyone could wish.

Anderson, Dillan, Bollens and Peterson all took turns on the slab for the Y. M. C. A. Bollens went through five innings with only one hit against his delivery, that being a double by Uddenberg in the last inning.

Jones started the game for the B. A. C., and the Y players made five runs the first inning, Soderlund taking his place the next inning. Soderlund held the opponents to four hits in the rest of the game.

J. Thompson, third base for the B. A. C., continued his remarkable playing and hitting. He added a triple and a single to his season's record. This gives him four doubles, a triple and a single, twelve total bases. He made three nice plays in his position last night.

The Y. M. C. A. continued their double play game, making two last night. Anderson picked up a hopper off Roderick's bat, tagged out Niemi on the line, and threw to Orth getting Roderick. In the fourth inning, Uddenberg, trying to sacrifice Thompson to second, bunted a short fly to Bollens, who doubled Thompson at first.

Tonight the Seals and the A. G. U. W. play at 6 o'clock. This game will show these teams at their best strength, and fans are invited to see the game.

B. A. C. STAY ON TOP OF THE LEAGUE

WHERE B. B. PLAYERS COME FROM AND GO TO

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 22.—Foreigners have some very peculiar ideas about our national game of baseball. Few of them have seen the game played by skilled professionals and not many of them knew what it was all about after they had seen a game. Not only are they for the most part ignorant about the technical part of the game, but they do not know nor understand the organization of the major leagues.

Some time ago a British sport writer, who had been sent to this country to get material for a series of stories on American sports was asking some American friends for some information about baseball.

He didn't care to know so much about the rules of the game and was interested principally in the administration of the game.

During the discussion it was pointed out to him that the two New York teams had performed the unusual feat of playing in three successive world's series and that the Giants had made a record by winning four consecutive championships.

He failed to see anything unusual about that and when asked for his reason, he replied:

"I should think New York will win all the championships because New York is the biggest city in your country and more ball players should be raised here than in any other city."

He was of the impression that a New York team consisted entirely of players born or belonging to New York, although that does not hold good among the British professional football and cricket players.

His discussion, however, brought up the point—where do the ball players come from.

Only eight of all the ball players in the major leagues were born in New York City and only three of them are playing on New York teams—Frank Frisch, Waite Hoyt and Hugh McQuillan. The other New Yorkers are distributed around the two leagues—Joe Judge, Washington Senators; Hack Miller, Chicago Cubs; Val Picinich, Boston Red Sox; George Torporcer, St. Louis Cards, and Jimmy Ring, Philadelphia Phillies.

The St. Louis clubs have three natives playing with them—Clarence Mueller with the Cards and Gene Robertson and Johnny Tobin with the Browns.

The Cleveland Indians have a native star in George Uhle and they used to own another one, Bill Wambgsan, but he was traded to the Boston Red Sox. The Chicago White Sox have one home product in Johnny Mostil.

Pennsylvania seems to be the ranking state in producing and developing major league players and most of the stars turned out come from the same regions in the coal mine districts.

PHANTOM FINN RACES LEADING HALF-MILE STAR

AMERICAN RATED AS ONE OF BEST MIDDLE DISTANCE MEN IN WORLD

FOREIGNER, MANY CLAIM, BE- CAUSE OF CONSTANT RACING, IS "BURNED OUT"

New York, May 22.—Athletic students of form seldom have found such a problem to do as that to be presented in the Yankee stadium next Tuesday night, when Paavo Nurmi, the world's champion long-distance runner, meets Allan Helfrich, one of the best middle distance runners in the world in a half-mile race.

There is no question that Nurmi is one of the greatest runners that ever lived, and Helfrich is perhaps the best half-miler developed in this country since the days of Ted Meredith. The problem is to dope Nurmi's form over the short route, the case being similar to a match between Babe Ruth, champion slugger of baseball, and Tris Speaker, the king of two-baggers, if they were to meet in a double hitting contest.

Nurmi can run short distances. He is famed chiefly for distances over the mile, and it is not generally known that he is the sprint champion of Finland. That does not mean so much, however, as the Finns are not of a sprinting race.

If Nurmi was in the same condition now as he was during the Olympic games, form dope would justify odds of 7 to 5 he would win. There is some question now about Nurmi's form, and it is probable Helfrich will go to the mark as the favorite, or at least as an even choice.

Nurmi said yesterday that he did not feel quite sure of himself, and that he was not certain that he had not burnt himself out.

MINNESOTA U LOSES ITS HEAD COACH SPAULDING

LATTER RESIGNS FROM HIS UNI- VERSITY POSI- TION

MAY BECOME ATHLETIC DIREC- TOR OF U OF SOUTHERN CALIFORNIA

(By United Press)

Minneapolis, May 22.—Minnesota University today is without a head football coach following announce-ment last night of resignation of

William H. Spaulding from that position.

Reports here from Los Angeles said Spaulding had accepted a five-year contract as athletic director of the University of Southern California. Minnesota University officials refused to confirm Spaulding's affiliation with the California University, but confirmed his resignation with the Minnesota University.

They said any word regarding his acceptance of the position with Southern California must come from the college. As yet no one has been prominently mentioned to step into Spaulding's place here.

GRADE SCHOOL TRACK MEET IS TO BE HELD

OPENS SATURDAY MORNING AT 9 O'CLOCK AT GREGORY PARK

ADJOURNS AT 10:30 TO TAKE PART IN MINNEAPOLIS RECEPTION

Starting at 9 o'clock, the Grade School track meet will be held tomorrow morning at Gregory park. All grade schools of the city have entries in the meet, and some keen competition is anticipated.

Preliminaries in the dash events were held on Tuesday evening, when each school entered runners in the 75 and 220 yard dashes for boys, and in the 50 and 100 yard dashes for girls. Several heats in each distance were run, with the three highest in each heat being picked for the finals.

The jumps, volley ball throws, and as much as possible of the runs will be held in the morning, Saturday, starting at 9 o'clock. At 10:30 o'clock the races will be adjourned until 1 p. m., on account of the Friendship tour visit to Brainerd. All entrants in the track meet will march to the depot, and take part in the parade. The long races and the relays will be held in the afternoon.

The Rotary Club has purchased a large silver cup, fourteen inches high to be suitably engraved and presented to the school winning the highest number of points. Besides the cup, the first, second and third place winners in each event will be awarded prize ribbons.

A number of assistants will be on hand to aid in keeping the race track clear. Those attending the competition are requested to follow the orders of the officials in keeping back from the course. A position a few feet farther back will enable one to view the races just as well as crowding toward the line, and will aid the runners materially in their running.

The entries are as follows:
50 yard dash for 8, 9 and 10 year girls—Bernice Hill, Dorothy Pentin and Audrey Erickson, Harrison school; Louise DuBois, Elizabeth Patterson and Esther Hanson, Lincoln school; Linda Zawadzki, Eileen Rasch and Mildred DuFresne, Lowell school.

50 yard dash for 11, 12 and 13 year girls—Veronica McGarry, St. Francis school; Mildred Hill, Lillian Maki and Borghild Olson, Harrison school; Marie McPherson and Mildred Peterson, Lincoln school; Dorothy Kinney and Onalee Lewis, Whittier school; Lucille Wrobel, Garfield school.

50 yard dash for 14, 15 and 16 year girls—Dolly Whitman, Ellen McCumber and Marion Hill, Harrison school; Anna Wahlstrom and Clara Hively, Lowell school; Dorothy Schrader, Whittier.
100 yard dash for girls 8, 9 and 10 years—Helen Figue, Lowell school; Dorothy Pentin, Harrison; Elizabeth Patterson, Lincoln.
100 yard dash for girls 11, 12 and 13 years—Veronica McGarry, St. Francis; Lois Hanson, Hilya Loya and Constance Vorce, Harrison; Frances Butler and Sarah Wagner, Lowell; Kathryn Sheets, Whittier, Marie McPherson, Lincoln.

100 yard dash for girls 14, 15 and 16 years—Dolly Whitman and Eliep McCumber, Harrison; Anna Wahlstrom, Lowell.
75 yard dash for boys 8, 9 and 10 years—John Linn, Bennie Erickson and Toisto Pohjola, Harrison; Arthur Holman, David Templeton, Lowell; Clarence Liners, Lincoln; Parker Campbell, John Woodhead and Wm. Stout, Whittier; John Wrobel, Garfield; Hugh McCaffrey, George Lake and John Hoffbauer, St. Francis.
